

What is the

ROAD MILLAGE PROPOSAL?

PRSRT STD
U.S. POSTAGE
PAID
MIDLAND, MI
PERMIT NO. 5

ECRWSS POSTAL CUSTOMER

The current proposal on the August 2, 2022 ballot asks for a 1 mill tax renewal to help maintain and improve roads and bridges throughout Midland County.

If passed, this millage will generate **\$3.8 million** per year through 2026 for the City of Midland, Midland County Road Commission, City of Coleman, and Village of Sanford. These dollars, in addition to local, state, and federal funds, are used to fix our roads.

FUND ALLOCATION:

CITY OF MIDLAND:
\$2.2 MILLION

**MIDLAND COUNTY,
COLEMAN & SANFORD:**
\$1.6 MILLION

TOTAL FUNDING:
\$3.8 MILLION

Midland County Road Commission
2334 N. Meridian Road
Sanford, MI 48657

Midland's roads &
bridges

Why do we

NEED A ROAD MILLAGE?

Since 1957, a voter-approved road millage has provided dedicated street funding to improve and maintain 1,100 roadway miles and bridges in 16 Midland County townships, the cities of Midland and Coleman, and the Village of Sanford.

Renewing the millage funds reconstruction/resurfacing and preventative maintenance, which improves deteriorating road conditions and driver safety.

Help us take care of the roads!

Grey Road Bridge over Bullock Creek, 2022

IT'S EXPENSIVE!

Cost of full street reconstruction for one mile of roadway (includes driveways, sidewalks, curb, etc. where applicable):

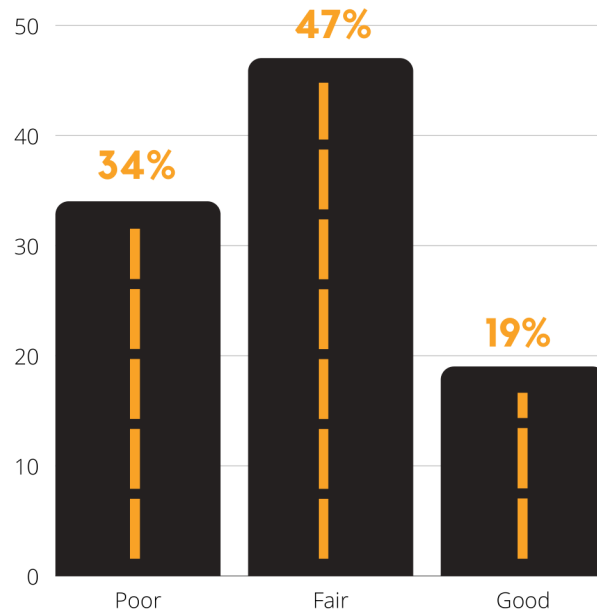

City: \$1 million
County: \$445,000

Cost of asphalt overlay for one mile of roadway:

City: \$250,000
County: \$175,000

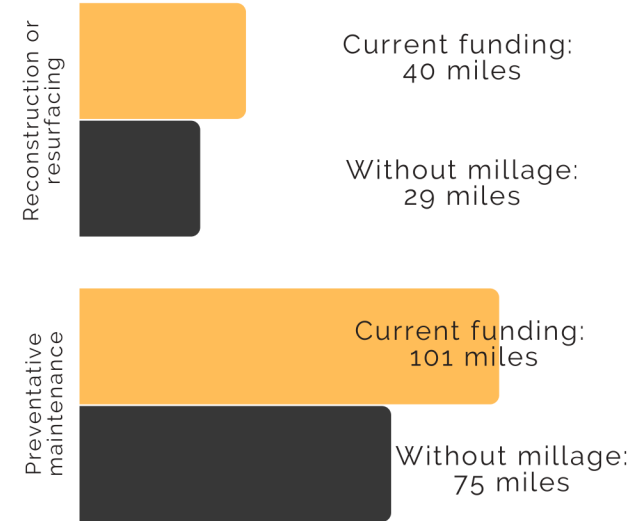

CURRENT ROAD CONDITIONS

City and county crews audit our roads' quality every year. Renewing the road millage will put more roads into the "good" and "fair" categories and decrease the percentage of roads in the "poor" category.

Reviewing the MILLAGE'S IMPACT

Failing to renew the millage would significantly decrease the number of road miles crews are able to impact.

WHAT'S THE COST?

Renewal of the 2022 road millage will cost property owners

\$4.00

per month on a \$100,000 home.

This is not an increase in taxes - it's a continuation of taxes currently paid for the road millage.
