

MIDLAND COUNTY ROAD COMMISSION
REQUEST FOR EQUIPMENT QUOTE
EXCAVATOR MOUNTED FELLER/BUNCHER HEAD

The Midland County Road Commission is seeking quotes for an Excavator mounted feller/buncher head.

Vendors shall submit detailed information on their products and quick links if available. Price quotes need to be complete and include time needed from order to delivery. Vendors may have multiple products fitting our need and contact/website links need to be included in case more information is needed. Each item at a minimum needs to have 1-2 pages of description of the product, how it would work with our equipment, and how it will fit our need.

Listed below is our current equipment and the need that we are trying to fill.

Our Excavator is a 2015 John Deere 250G.

The Midland County Road Commission wishes to be able to reach the back side of the ditch with our excavator to grab, cut, and move the tree to the middle of the roadway. Frequently electrical wires are near, so a good grasp of the tree is a requirement. Many trees (frequently Ash) are dead and have few limbs. If the head can also de-limb the tree, that would speed up the process. Large or heavily limbed trees will still need to be removed by hand.

The head needs to be compatible with JRB VersaLoc Coupler.

Each equipment quote shall be submitted via email, or envelope. The submittal shall contain the details of each piece of equipment, quote, delivery time, and contact information. Each envelope shall be labeled “**Midland County Road Commission – EXCAVATOR MOUNTED FELLER/BUNCHER HEAD**”.

Proposals are due on March 3, 2017 at 9:00 AM.

The proposals must be delivered to:
