

POLICY

NUMBER: **100**
SECTION: **100.21**

SUBJECT: **PRIVATE TILE CONNECTION**

POLICY: During a reconstruction project and/or drainage project the Midland County Road Commission will install or replace private drain tile.

1. When conditions allow, a permit may be issued and the Road Commission may allow property owners the opportunity to have private drain tile installed or replaced. Materials will be purchased by property owner and are required to be on location at the time the drainage project is scheduled to begin.
2. Work will be completed by Road Commission during construction.
3. Property owner will be billed for actual cost of installation or repair of tile.
4. The Road Commission will not be responsible for repairs or maintenance of tile after installation.
