(Check one)

Type of units available for haul: V Bottom ____ End Dump ____
(Check one or both)

Maximum amount that can be furnished per day. _____ Tons

SPECIAL NOTE TO BIDDER:

All materials shall meet current Mdot Standard Specifications and be delivered at a **moisture content no greater than 6%**. Each delivery shall be accompanied by a corresponding delivery ticket containing the following information: aggregate source, date/time, aggregate series/class, weight of material shipped, suppliers contact information, and truck identifier number.

For materials delivered on road, delivery to all locations must be complete **by September 30th**.

For stockpiled material delivery to MCRC locations, delivery must take place on MCRC business days only with last delivery of the day no later than ½ hour before closing time. For seasonal business days/hours please call 989-687-9060.

Unit costs on abutting township lines shall be equal to pro-rated cost of the two township prices. Please bear in mind that the Midland County Road Commission may order and require specified quantities of road gravel to be placed in a particular area of the county on a specific date, whereby the successful bidder may be given only a few days notice prior to expected delivery of material. In general road gravel orders are placed May through September and the majority is spread directly on the roads.

Also, availability of V-Bottoms for on road materials will be considered when awarding of bids.
